ABOUT ME

I am a passionate **Full Stack Developer** with strong hands-on experience in building modern web applications. I have worked for 6 months in a paid role at **Botivate Service LLP**, where I contributed to real-world projects and improved my practical development skills. Before that, I completed my internship at Yashvitech, which helped me strengthen my foundation in both frontend and backend technologies. I enjoy creating clean, efficient, and user-focused solutions that deliver real impact.
